Training Is A Must!

It is imperative for all Right-Suite Universal owners to understand that training in Residential Heat Loss/Heat Gain, Air System Design and Ventilation is essential in order to obtain the proper outputs from this software. Municipalities have advised HRAI that unacceptable Right-Suite submissions prepared by untrained individuals are being rejected. For more information about HRAI's technical training, contact Lynn Bartoshuk, 1-800-267-2231 ext 230 or email lbartoshuk@hrai.ca
