Warren Heeley Environmental Achievement Award

Nomination Form

This award is named in honour of the Past President of HRAI, Warren Heeley. Warren took special interest in Environmental Services, and was instrumental in setting up the award winning Refrigerant Management Canada (RMC) operation that advocates and manages safe disposal of refrigerants.

In June 2018, Warren Heeley retired from HRAI after 36 years of service. This award is open to all HRAI Members, their respective staff, including all individual members, private companies, public agencies, academic institutions and related organizations.

Nomination Requirements:

Any representative of the HVACR industry may make a nomination by submitting an application by June 30, 2019 via lzita@hrai.ca. Companies or individuals may self-nominate or be nominated by a third party. Submissions should outline what activity or initiative was undertaken to contribute to environmental services including but not limited to the protection or enhancement of the environment within the HVACR industry.

Nominees should have displayed outstanding performance in the following areas:

1. Association committees/task groups
2. Public affairs and government relations, regulatory agencies and media
3. Member recruitment, or chapter development and growth of the Institute

Review Procedures and Evaluation Criteria:

The HRAI Board of Directors will evaluate all submissions and select an award recipient. Each nomination will be evaluated based on the following criteria:

What were your environmental service goals? How have you measured success?

_____

_____

_____

_____

_____

Innovation, Creativity and Originality
How were innovative methods, strategies or ideas applied?

_____

_____

_____
