# NOTES

# FOREWORD

The Depressurization Testing of Residential Systems Manual has been developed and published by the Heating, Refrigeration and Air Conditioning Institute (HRAI) of Canada. Reproduction in any form, whether written, electronic or mechanical, is forbidden.

Careful use of this manual should result in the satisfactory assessment of depressurization in dwelling units. However, the end result is in no way warranted by either the Heating, Refrigeration and Air Conditioning Institute of Canada or any companies or any persons involved in the preparation or presentation of this manual.
