

July 25,2024

Mixed trend in shipments for YTD Q2 2024 vs Q2 2023

Mississauga, Ontario - Shipment decreases this quarter in Commercial Air-Conditioning -16%, Residential Air Conditioning -18% and Ductless Split Systems -7%

Increased shipments for Unit Heaters +12%, Air Handler Units +9% and Chillers +21% by end of Q2'2024.

Shipments for Residential furnaces remain almost the same

The following chart provides YTD Canadian shipment data for select HVACR equipment categories ending the 2nd quarter 2024. For category definitions, please see “Definitions” below. Please note that an expansion factor has been added to compensate for the non-participating portion of the market.

The following chart shows the quarterly residential market comparison which provides the percentage change in residential product shipments of this quarter versus the same quarter last year.

Residential Market Comparison - Quarter 2			
	2023	2024	%Change
Residential Air Conditioning	99,035	86,537	-13%
Residential Furnace	57,096	50,278	-12%
Total	156,131	136,815	-12%

Definitions

- “Residential air conditioning” means ducted split system air conditioning and heat pumps up to 5 tonnes.
- “Ductless splits” means heat pumps and conditioning condensing units (cooling only).
- “Commercial air conditioning” means rooftops (combination heat/cool), packaged cooling and packaged heat pumps.
- “Furnace” means residential forced air furnaces of all types (gas, oil, electric and combination);
- “Chillers” include large tonnage liquid, reciprocating liquid, and absorption chillers.
- “Unit heater” means self-contained automatically controlled vented units limited to heating of non-residential space and also includes duct furnaces.
- “Air handling unit” means a device used to condition and circulate air containing a blower, filter, sound attenuators and dampers.

The Heating, Refrigeration and Air Conditioning Institute of Canada (HRAI), established in 1968, is the national trade association of manufacturers, wholesalers and contractors in the Canadian HVACR industry who provide the products and services for indoor comfort and essential refrigeration processes. HRAI has three (3) industry sector Divisions: HRAI Manufacturers Division; HRAI Wholesalers Division, and HRAI Contractors Division.
