

In accordance with the Manitoba Regulation 16/2010 (February 3, 2010) for Household Hazardous Material and Prescribed Household Material Stewardship Regulation under the Waste Reduction and Prevention Act (WRAP), HRAI is submitting the Manitoba TRP Stewardship Plan on behalf of manufacturers responsible for previously selling mercury-containing thermostats in Manitoba. This program Plan covers a five-year period from July 1, 2023 to June 30, 2028, and sets five-year targets for accessibility and collection.

A copy of the draft proposed Program Plan can be found here: [Manitoba Mercury-Thermostat Stewardship Program Plan Renewal \(2023-2028\)](#).

Feedback on the proposed plan will be accepted up to Jan 27, 2023. Comments may be sent by email to [trp@hrai.ca](mailto:trp@hrai.ca)

For further information about the Thermostat Recovery Program Manitoba Stewardship Plan Consultation, please contact Kathleen O'Malley, Environmental Projects Specialist, at [komalley@hrai.ca](mailto:komalley@hrai.ca) or 1-905-4700 ext. 240.
