Air Handler Units show the largest increase in the 2nd Quarter of 2022

Mississauga, Ontario – Increases this quarter, with Air Handler Units (22%), Residential Air Conditioning (5%), Residential Furnace (2%) and lastly Unit Heater (1%). While Commercial Air Conditioning (-10%), Ductless Split Systems (-8%), and Chillers (-4%) showed a decrease in the 2nd Quarter.

The following chart provides specific data for each product; YTD Canadian shipments for select HVACR equipment ending the 2nd quarter. An expansion factor has been included to compensate for the non-participating portion of the market.

The following chart shows the quarterly residential market comparison which denotes the percentage change in residential product shipments between this quarter and the same quarter last year.

2nd Quarter Shipments						
	2021	2022	%Chg	Quarterly Res. Market Comparison		
Residential Air Conditioning	157061	160214	2%	2021	227,809	
Residential Furnace	70748	90112	27%	2022	250,327	9.00% Change

“Residential air conditioning” means ducted split system air conditioning and heat pumps up to 5 tons; “ductless splits” means heat pumps and conditioning condensing units (cooling only); “commercial air conditioning” means rooftops (combination heat/cool), packaged cooling and packaged heat pumps; “furnace” means residential forced air furnaces of all types (gas, oil, electric and combination); “chillers” include large tonnage liquid, reciprocating liquid and absorption chillers; “unit heater” means self-contained automatically controlled vented units limited to heating of non-residential space and also includes duct furnaces; “air handling unit” means a device used to condition and circulate air containing a blower, filter, sound attenuators and dampers.

The Heating, Refrigeration and Air Conditioning Institute of Canada (HRAI), established in 1968, is the national trade association of manufacturers, wholesalers and contractors in the Canadian HVACR industry who provide the products and services for indoor comfort and essential refrigeration processes. HRAI has three (3) industry sector Divisions: HRAI Manufacturers Division; HRAI Wholesalers Division, and HRAI Contractors Division.
